September 14, 1988

Elaine,

Enclosed are the draft answers to your questionnaire of September 1, 1988 which I received at 1:30 pm on September 6.

Mike has not yet reviewed these - I am going out of town and he will have our budget office finish what they have in terms of historical data. When I return, I will answer the portion about FTE.

[Also enclosed is some data we finally got from our EEO office. I would appreciate your passing it on to the appropriate person.]

Many thanks.
